

About us

Internet & Mobile Solutions for People is an IT company founded in 2007.

IMS4P has offered IT services for both companies and individual clients. IMS4P's services include:

- **mobile solutions,**
- **IT consulting services,**
- Internet and intranet websites,
- computer games,
- e-commerce.

Our job is our passion and that is why we approach challenges enthusiastically. We want to create impossible things with the use of stable, tested and trusted technologies. We do our best to provide the quality that satisfies even the most demanding Clients.

Quality terms

IMS4P follows quality policy in order to provide its Clients the highest quality of services. We wish our Clients were satisfied with fulfilled orders.

Our aim is providing high quality services and that is why we take care of:

- **Meeting deadlines**
Punctuality is an inherent part of meeting our obligations. We try to do our best to fulfil orders according to a set schedule.
- **Quality of fulfilled orders and flexibility**
We offer high quality solutions that are prepared within adjusted technologies. We increase our efficiency to fit our Clients' individual requirements.
- **Our Clients' satisfaction**
The satisfaction of our Clients is the measure of our successful work.
- **Technological development**
We also measure our work by adjusting to the new reality of the market. We constantly develop our technical and business competence. Therefore, our products and services are competitive.
